

# Analyze your School

and use responses to  
develop your theme

Use the questions and statements below to analyze your school. Include as much detail as possible. The specific information in your responses can be used to write the copy to introduce the theme to your readers and to relate the theme to each section of the book.

1. What is the name of your school and how long has it been in existence?

2. Name and describe your mascot. How was your mascot chosen?

3. What are your school colors and how were they chosen?

4. Describe your school and explain where it is located.

5. Describe your location (inner city, mountain top, country)?

6. What traditions are important to your students?

7. What part of your school makes your students proud?

8. How is your school “above average?”

9. Describe your school in one word.

10. Describe your student body in one word.

11. How do rival schools describe your school?

12. What athletic event is most significant to your school each year? Why?

13. What other events are significant at your school each year? Why?

14. Where would we find your student body on Friday night?

15. What’s the first thing visitors notice about your campus?

16. What physical changes or other changes will occur at your school next year?

17. How do community, national and international events affect your school?

18. What challenges is your school facing this year?

19. How is your school dealing with these changes and challenges?

20. Describe your school’s faculty.

21. What clubs are most outstanding in your school? Why?
